

“12 Week Rule”

If an International Medical School (IMG) graduate has spent more than 12 weeks of clerkship outside the country of his/her medical school, the medical school must be on the [list of approved schools](#) by the New York State Education Department in order to meet criteria for residency training in New York State.

I have completed MORE THAN 12 weeks of medical school clerkship outside the country of my medical school, but my school is on the exemptions list at the above link.

I have completed MORE THAN 12 weeks of medical school clerkship outside the country of my medical school. My school is not the exemptions list at the above link, therefore I am not eligible to apply to this residency program.

I have not completed MORE THAN 12 weeks of medical school clerkship outside the country of my medical school.
