

# Graduate Program in Genetics

Stony Brook University  College of Arts & Sciences

## Doctoral Dissertation Defense

L-Asparaginase II produced by *S. Typhimurium*  
inhibits T cell responses through hydrolysis of  
L-asparagine and suppression of metabolic  
reprogramming

## AnnMarie Torres

Advisor: Dr. Adrianus van der Velden

Thursday, March 13, 2014 ♦ 2:00pm

Life Sciences Seminar Room 038

Stony Brook University ♦ Cold Spring Harbor Laboratory ♦ Brookhaven National Laboratory
