Statistical Consulting on Federally-Funded Research Grants and Contracts

I have served as the biostatistician or statistical consultant on numerous NIH-funded grants and as the mentor or co-mentor on at least 5 NIH-funded career development awards. These are briefly noted below.

Cornell University Medical Center

Pickering group (pre-2000) - multiple projects including Sleep Heart Health Study

Suthanthiran - several NIH-funded grants on biological markers of renal transplant failure

Mt. Sinai School of Medicine

Ancillary study of AASK

Hollander (Center of Excellence for research in Autism)

Pickering (Neighborhood, White Coat Hypertension, Expressive Writing, DHA)

Columbia University

Pickering/Gerin/Davidson (Adherence, Placebo, Rumination, LifeSkills, Dana, PIUMA, CAATCH, NSHS, R24, K23, K24)

Sloan

DiTullio

Rodriguez (K23)

Kimhy (K23)

University of Pittsburgh

Kamarck

Brown University

University of Medicine and Dentistry of New Jersey

Raphael

St. John's University

Brondolo

Chaplin

Data Safety and Monitoring Board Service

Exercise for Smoking Cessation in Postmenopausal Smokers (R01 DA024872)

2009-14

C Oncken (PI), University of Connecticut

Role: Statistician

Departmental and University Committees:

<u>Year(s)</u>	<u>Committee</u>
1981-85	Columbia University Human Subjects Institutional Review Board, Member
1989-91	University Senate's Standing Committee on Computers and Communications, Member (also, Chair of its Administration Subcommittee)
1990-01	Psychiatry Department's Computer Committee, Member
1991-96	Faculty Senate, School of Medicine, Senator
2001	Search Committee for a new faculty hire, Chair

Allocation of percent effort

I currently devote 90-95% effort to research, and 5-10% to mentoring graduate students and junior faculty.
