

KIDNEY WEEK **20 22**

Nov. 3-6 | Orlando, FL

Renaissance School of Medicine
Stony Brook University

Division of Nephrology & Hypertension Presentations:

Shipra Agrawal, PhD

- **Adriamycin-Induced Nephropathy Is Robust in N and Modest in J Substrain of C57BL/6 Mice**
[FR-PO723]
November 04, 2022 | 10:00 AM - 12:00 PM | Location: Exhibit Hall, Orange County Convention Center, West Building
- **Increased Renal Elimination of Endogenous and Synthetic Pyrimidine Nucleosides in Concentrative Nucleoside Transporter 1 Deficient Mice**
[SA-PO977]
November 05, 2022 | 10:00 AM - 12:00 PM | Location: Exhibit Hall, Orange County Convention Center, West Building

Nina Cintron Pregosin, PhD Student

- **Podocyte-Specific Loss of Klf4 Induces the Formation of Extracellular Matrix Extensions**
[SA-OR26]
November 05, 2022 | 05:15 PM - 05:24 PM | Location: W414, Orange County Convention Center, West Building
- **Formulating Customizable Extracellular Matrix Scaffolds From Decellularized Mouse Kidneys**
[SA-PO017]
November 05, 2022 | 10:00 AM - 12:00 PM | Location: Exhibit Hall, Orange County Convention Center, West Building

Chelsea Estrada, DO, MS

- **Identification of Cell-Specific Transcriptomic Changes in Complement Activation and Regulation in Glomerular Microangiopathy Using Single Nuclei RNA Sequencing [SA-PO632]**
November 05, 2022 | 10:00 AM - 12:00 PM | Location: Exhibit Hall, Orange County Convention Center, West Building

Yogesh Gowthaman, BS

- **Cell-Specific Role of STAT3 Signaling in Podocytes vs. Parietal Epithelial Cells in Proliferative Glomerulopathy [SA-OR22]**
November 05, 2022 | 04:39 PM - 04:48 PM | Location: W414, Orange County Convention Center, West Building

Nehaben Gujarati, PhD- Post Doctoral Fellow & Bismark Owusu, BS

- **Podocyte-Mediated Proximal Tubule Preconditioning Is Protective in Diabetic Kidney Disease [TH-PO217]**
November 03, 2022 | 10:00 AM - 12:00 PM | Location: Exhibit Hall, Orange County Convention Center, West Building

Sobia Khan, DO

- **An Unusual Complication of IgG4-Related Interstitial Nephritis as Resistant Hypertension [TH-PO132]**
November 03, 2022 | 10:00 AM - 12:00 PM | Location: Exhibit Hall, Orange County Convention Center, West Building
- **Use of Polymyxin (PMX) B Cartridge in a Patient With AKI and Septic Shock [PUB056] Publication Only**

Sandeep K. Mallipattu, MD, FASN

- **Use of Polymyxin (PMX) B Cartridge in a Patient With AKI and Septic Shock [Author - Publication Only]**
- **Podocyte-Mediated Proximal Tubule Preconditioning Is Protective in Diabetic Kidney Disease [Author - Poster]**
November 03, 2022 | 10:00 AM - 12:00 PM | Exhibit Hall, Orange County Convention Center, West Building

- **Visceral to Parietal Cell Chats [Speaker]**
November 03, 2022 | 02:00 PM - 02:30 PM | W224, Orange County Convention Center, West Building
- **Circulating Endotoxin and Inflammatory Proteins Correlate With Kidney and Hospitalization Outcomes in Critically Ill Patients [Author - Poster]**
November 04, 2022 | 10:00 AM - 12:00 PM | Exhibit Hall, Orange County Convention Center, West Building
- **Formulating Customizable Extracellular Matrix Scaffolds From Decellularized Mouse Kidneys [Author - Poster]**
November 05, 2022 | 10:00 AM - 12:00 PM | Exhibit Hall, Orange County Convention Center, West Building
- **Identification of Cell-Specific Transcriptomic Changes in Complement Activation and Regulation in Glomerular Microangiopathy Using Single Nuclei RNA Sequencing [Author - Poster]**
November 05, 2022 | 10:00 AM - 12:00 PM | Exhibit Hall, Orange County Convention Center, West Building
- **Tubule-Specific Overexpression of Krüppel-Like Factor 6 (KLF6) Is Detrimental After Nephrotoxic Kidney Injury [Author - Poster]**
November 05, 2022 | 10:00 AM - 12:00 PM | Exhibit Hall, Orange County Convention Center, West Building
- **Cell-Specific Role of STAT3 Signaling in Podocytes vs. Parietal Epithelial Cells in Proliferative Glomerulopathy [Author - Oral Abstract]**
November 05, 2022 | 04:39 PM - 04:48 PM | W414, Orange County Convention Center, West Building
- **Podocyte-Specific Loss of Klf4 Induces the Formation of Extracellular Matrix Extensions [Author - Oral Abstract]**
November 05, 2022 | 05:15 PM - 05:24 PM | W414, Orange County Convention Center, West Building

Sian Piret, PhD

- **Circulating Endotoxin and Inflammatory Proteins Correlate With Kidney and Hospitalization Outcomes in Critically Ill Patients [FR-PO087]**
November 04, 2022 | 10:00 AM - 12:00 PM
Location: Exhibit Hall, Orange County Convention Center, West Building
- **Tubule-Specific Overexpression of Krüppel-Like Factor 6 (KLF6) Is Detrimental After Nephrotoxic Kidney Injury [SA-PO1003]**
November 05, 2022 | 10:00 AM - 12:00 PM
Location: Exhibit Hall, Orange County Convention Center, West Building
- **Moderating: Metabolism and Kidney Diseases**
